Paper Plate Tambourine Craft

Make your tambourine and follow along to the music at home!

**Materials needed:**
1. Two paper plates
2. A handful of dried beans or rice
3. A stapler
4. Markers, stickers, washi tape, finger paint, feathers, ribbons, or crayons for decoration

**Directions:**

Step 1: Set one paper plate on a table and have your child drop a good handful of beans on it.

Step 2: Top with the other plate, face side down, and staple the edges of the plates together. Make sure the staples are close enough together that no beans can escape!

Step 3: When the tambourine is fully constructed, it’s now ready to be decorated! Once the tambourine is finished, see if your child can tap a steady beat along with the music.
